WHOLESALE
ONLY

ONE BLOCK OF YOUNG CAMELIAS, ALL FIELD GROWN AND NOT LATH HOUSE GROWN

To Our Customers

This little booklet is being published for the convenience of the wholesale trade in this area. It will give an idea of our Camellia and Azalea stock as well as the many items of ornamental nursery stock we have and we solicit orders on the basis of this stock. Every plant we sell is produced under the best conditions possible and is guaranteed to be true to name and free of disease when we send it out.

This year we have a better selection of Camellias, and have added a few more items to our list. We have a wonderful lot of canned stock to offer and invite you to visit our nursery to make your selection.

Certain varieties of Camellias are a little scarce, but if you will come to see us early we feel sure that we can serve you without any trouble. Please let us know what you need, and if we do not have it we will try to find it for you.

LOCATION OF NURSERY. Our nursery is located three miles south of Winter Haven. Follow U. S. 17 south to the traffic light at Eloise; turn west for $\frac{1}{4}$ mile. We are on the south shore of Lake Shipp.

Our Business Terms

PRICES. All prices are net, and when cash accompanies the order, no charge will be made for packing. Otherwise a charge will be made for packing based on cost of time and material. For "cash and carry," that is when you bring your truck and pay cash for your stock, we will allow a discount of 20% from catalog prices, on balled and burlapped stock only.

This is the only discount we can allow and you can understand this when you see our stock.

C.O.D. SHIPMENTS. Must be accompanied by 25% of order and balance to be paid on delivery.

SHIPMENTS. Please specify how you want your order to be shipped. We will endeavor at all times to send out all orders as near the date specified as possible. We will do everything in our power to insure satisfactory delivery to our customers, but our responsibility ceases upon delivery to carrier in good condition, in so far as damages in transit are concerned. We are willing to assist in filing claims for damages if you will call on us should the occasion arise.

If there are any mistakes in filling your order, please let us know on receipt of goods so that we can rectify the mistake.

It is to be thoroughly understood that we accept any and all orders with the provision that they shall be void if any injury befalls our stock over which we have no control. All orders are subject to any new Government regulations.

Azaleas

BRILLIANT.

Good grower with small foliage, nice watermelon red flower. Mid season to late.

DUC DE ROHAN.

Beautiful salmon-pink. A compact plant with small foliage; very free flowering. Very fine for growing in pots.

ELEGANS.

Light pink. Heavy foliage; fast-growing, well-shaped plant. Early bloomer.

FIELDER'S WHITE.

One of the best whites among the Indicas. Dark green, hairy foliage; excellent growth.

A FIELD OF FORMOSA AZALEAS FOR FALL AND WINTER SALES

FISHER PINK.

Light pink. Blooms about the same time as Pride of Mobile. Very good, compact growth.

FORMOSA.

Large purple flowers, somewhat lighter than Phoenicia. Large, thick foliage; probably the fastest grower of all the Azaleas.

WINTER HAVEN NURSERIES, INC.

JUDGE SOLOMON.

A pink sport of Formosa. Same growth and blooming habits.

MRS. G. G. GERBING.

A new white that is very good. A sport of George L. Tabor, brought out by Gerbing Camellia Nursery.

***Camellia Japonica* - Group Three**

BRILLIANT.

Local name. An excellent variety. Large, very double, bright red. Compact grower with dark green foliage. 8-12 in., 12-18 in.

DIXIE.

Large, full double flowers of deep rose-pink. A profuse, late bloomer and strong grower. 12-18 in., 18-24 in.

ELEGANS (CHANDLERI).

Rich cherry-red with white variegation. Large flower, 5 to 6 inches in diameter, some of loose peony form and others with thick peony flowers, all on the same plant. Leaves are rich shiny green. 8-12 in., 12-18 in.

ELIZABETH ARDEN.

Medium to large; striped rose color, sometimes sporting a solid pink flower. Dark green foliage. A fast grower and late bloomer. 12-18 in.

GLOIRIE DE NANTES.

Medium to large, semi-double cerise flower. A very attractive plant, even without the flowers, as it has such dark green foliage and is such a strong grower. 12-18 in.

GOSHOGURUMA.

Single deep velvety red with golden stamens. Medium-sized dull green foliage. Slow, very upright growth. 12-18 in.

MONARCH.

Very large, deep pink with white variegation. The stamens are so intermixed that often one single flower will resemble a bouquet. Very compact, dark green foliage. 8-12 in., 12-18 in.

PINK PERFECTION (FRAU MINNA SEIDEL).

Very popular shell-pink that is early and blooms very freely. 8-12 in., 12-18 in.
